Perfect Match Poodles was founded with a vision of producing beautiful AKC red, red abstract and red parti mini and moyen poodles. We are a one breed kennel with a focus on producing the type of high quality poodles that so many discerning breeders are looking for. We are very passionate about our dogs and the future of our breed. We invested in the highest quality dogs we could find and our goal and passion is to continue improving our bloodlines. Most of our poodles come from the David Murray breeding program, many having AKC champion bloodlines mixed with the blood of Murray's signature stud, Murray's Fire and Ice. If you like what you see, give us a call and we will do our best to bring you the puppy of your dreams.

My husband and I adopted Lady a couple months ago and we could not be more overjoyed to have her in our lives! She has the best temperament, loves cuddles, and is super smart! She caught on to training very quickly. Within only a few days she was "bell-trained" to go outside and even learned "sit pretty." We are also impressed with how great she does on our daily car rides! Gabriel and his wife are great to work with, very responsive, and they have an obvious love for all their dogs! Their facility is amazing and very clean. We are so grateful to have found our Lady!

Rustic Barn Kennels

At Rustic Barn Kennels, We as a family are constantly striving to raise that perfect Corgi. With that in mind we have been doing extensive genetic testing, as well as mating for mild temperaments. More recently we have become very passionate about conformation and are bringing high quality bloodlines to help us in our quest for developing dogs that will triumph in all aspects of competition.

Although we live in the beautiful state of Montana, we are able to ship anywhere in the U.S. and Canada for a reasonable rate.
